

Your CRENMLS Tools

	<p>Advanced tools for agents to collaborate with buyers and sellers, enhancing the customer experience. Robust content and features that help keep agents central in the real estate transaction. Multi-tasking capabilities so agents can better manage their business, and above all fast and easy Access to MLS Information.</p>	
	<p>Business is dependent on personal interactions with consumers. Engagements often occur with a professional having zero or minimal verified knowledge of the other party. FOREWARN provides instant knowledge, prior to a face-to-face engagement with a consumer, to help professionals better understand and address risk.</p>	
	<p>Showing Management allowing you to quickly schedule and confirm showings, Access Online Scheduling, access 24/7, Schedule Multiple showings at once, generate automatic feedback requests, view in depth reports. Access ShowingTime from a desktop, laptop, or a mobile device.</p>	
	<p>Instanet Solutions suite of secure cloud based paperless products provide you with everything you need to start and close a deal. From listing management to file sharing, electronic signatures to form creation and document management to faxing solutions.</p>	
	<p>Infosparks is Changing the Way Real Estate Professionals Use, Display and Share Housing Information. Infosparks allows you to compare graphs, analyze data, create customized data by using maps, and share your graphs by embedding it on your blog or website. Share the graph on social media or by email.</p>	
	<p>Take advantage of CRS Data, and get access to Detailed Public Tax Record Summaries, Comparables, Accurate Data, Maps, and even create mailing lists and Labels. All integrated directly into CRENMLS</p>	
	<p>Easiest app for creating accurate 2D and 3D floor plans for real estate & appraisals. Create listing floor plans in 5 minutes with your phone</p>	
	<p>SaleCore is a powerful marketing solution with fully-integrated MLS data. CRM, high-performing IDX Interactive Map Search website, Email Marketing, Content Marketing and Lead Generation platforms to generate, capture, cultivate and incubate high-quality leads.</p>	
	<p>RPR provides data, tools, estimated values, market trends, demographics, professional reports and much more. RPR is a NAR (National Association of REALTORS®) member benefit – no additional cost to REALTORS®!</p>	

What you need to know

Setting up Saved Searches with Auto-Notify

Set your client up on a saved search with auto-notifications so they are automatically emailed when a new listing comes on the market that meets their criteria.
